

**TACK RAG DUST PARTICLE CLOTH
 TECHNICAL SPECIFICATION SHEET**
Gekartack Orange MT (Medium)
 (50% Ryon / 50% polyester)
 Orange Apertured Non Woven Material

Physical Characteristics

Tests	Orientation	Units	Targets	Methods
Base Weight Non Woven		g/M ²	52	ISO9073.1
Base Weight Impregnated		g/M ²	65	ISO9073.1
Thickness		mm	0,65	ISO9073.2
Density		g/dm ³	123	
Tensile Strength	MD	daN	7	ISO9073.3
Tensile Strength	CD	daN	2,1	ISO9073.3
Elongation at break	MD	%	37	ISO9073.3
Elongation at break	CD	%	87	ISO9073.3

Functions

This technical Tack Rag is OEM approved in the automotive industry, doesn't smear, has high dust particle penetration capacity due to its structure. Impregnation is made excluding use of solvents and does not dry out over time
