

Surtext

- 70% Rayon / 30% PES
- Large Apertured Spunlace Material

Surtext is a large apertured non woven wiper specifically suitable to polish surface and perform a soft and delicate wiping task.

It's high performance fibers and the cross lapper non woven manufacturing method give it the necessary bulk end users are appreciating absorbing compounds and dirt particles deep into the structure.

Physical characteristics

Tests	Orientation	Units	Targets	Methods
Basis Weight		g/M ²	min. 45	ISO9073-1
Thickness		mm	0.52	ISO9073-2
Density		g/dm ³	86	
Tensile Strength	MD	N dry/wet	80/60	ISO9073-3
Tensile Strength	CD	N dry/wet	16/17	ISO9073-3
Elongation at break	MD	% dry/wet	24/23	ISO9073-3
Elongation at break	CD	% dry/wet	10/95	ISO9073-3

Functions

Tests	Units	Targets	Methods
Absorption capacity	%	900	EN1644-1
Sink time	sec	1.8
